BEHAVIORAL HEALTH**

We offer:

Clinical training, professional development & continued education

Clinical supervision with qualified & engaged supervisors

Internship cohort & agency activities

View Point Health's continuum of care focuses on delivering high quality care using trauma informed and evidence based practices to support individuals seeking services for mental health, substance use and developmental disabilities.

Education. Prevention. Stabilization. Treatment. Recovery.

View Point Health is excited to offer internships for master's level students in Social Work and Clinical Counseling.

Our learning opportunities are geared toward energetic students who are interested in working in a fast-paced environment with a leading comprehensive community provider specializing in recovery.

By joining our team as an intern, View Point Health will offer a semester full of learning to support your educational and professional development. Supervision, training, and guidance are provided by licensed/certified clinicians with broad knowledge and expertise.
